

# a few notes

## Topic: Hand Washing

## Daily Envision Employee Check-in

Hosted by Dr. Stefanie Simmons

Proper hand washing provides excellent protection against the coronavirus. In today's employee check-in, we look at advice from [npr.org](#) and [youtube](#). On youtube we get step by step directions on washing our hands the proper way. And to make sure that we are washing at least 20 seconds, NPR gives us a few new ideas on songs to sing while washing our hands. Happy washing. Stay safe
