As we head into Mother’s Day weekend, today's employee check-in focused on taking time to say Happy Mother’s Day to all the mothers. Caring mothers deserve the world and doing something special for them is well deserved. In this season, we also congratulate those who are graduating or have loved ones who are graduating. These are important milestones. Social distancing may caused some creative ways to celebrate but we still celebrate. Happy Friday! Enjoy our dance party Friday tune “Mama Said” by the Shirelles.
